The San Francisco Chronicle of the 22nd February says:-Private advices were received vesterday in this city that the Canadian Pacific. Railroad had completed arrangements with the Cunard Steamship Company to transfer three of its fast steamers to the Pacific ocean. The steamers will ply between New Westminster. Yokohama, and Hongkong. In order to obtain a share of the Shanghai tea shipments the Indo-China Steamer Company, a British concern. will co-operate with the railroad company. The vessels of that line will meet the big Cunarders at Yokohama and transfer their cargoes. It is expected that the Cunard steamers, the Bothnia Gallia and Scuthia, will leave. Firms engaged in the tea rting business of this city have not filled many orders upon Canadian demands, although a small shipment was made to Winnipeg and Manitoba last year. Other than loss to the American steamers and the railroads, merchants will suffer no diminution of trade through the establishment of the line.

THE AUSTRALIAN MAIL EUBSIDY. WASHINGTON; 21st February; [Special.]—Claus Spreckels arrived here today from New York, and will leave for California on Wednesday. Mr. Spreakels is very much interested in securing an allowance for the mail service of the ships owned by him engaged in the Australian and New Zealand trades. NEW YORK, 20th February. A cable special from London of February 19th says: -The other day I met Manuel M. Menoses, a Peruvian Deputy and Minister to the Pope. Menoses unfolded a tale of a bonanza about which our ex-Mayor Grace may be able to give further details. Peru, says Menoses, desires to be entirely rid of its debt of \$200,000,000, of which one-half has been assumed by Chili. The offer which Poru makes to whoever will clear off the debt and finish the Meiggs railroad is a most apnetizing one, as described by Menoses. the Mikado' is seldom discernible. All the oustom receipts of every important port are to be thrown in to make the offer altogether irresistible. Menoses talked very enthusiastically and said that millions awaited the men who could raise the funds. He also said that Grace was bound to do it, as he had sent his brother Michael and clever engineers to look into the thing. There is coal in great quantities. Menoses says that Grace has a rival in a French financial institution and that both are working very quietly to get the co-

> SLAVERY IN BRAZIL. NEW YORK, 21st February. A Tribune editorial on emancipation in Brazil. by a woll-posted writer, declared that not withstanding the emancipation law of 1885, there are still a million slaves whose fate is not one whit better than it was before, except that the distant hope of imperfect freedom is held out to them. They are treated with cruelty that far surpasses the worst features of slavery as it existed in our own Southern States, and the present Ministryis striving by every means to prolong their captivity. He declares that the "emancipation law" is probably the most pornicious document that ever appeared in Brazil. It was carried through Parliament simply as a political necessity by man who were opposed to smancipation in any form, and it was antagonized by every abolitionist. The sentiment of the great mass of the people is for emuncipation, and by means of private munificence and the aid of the provincial governments over 160,000 salves have

been freed within the last five years. The emancipation law, however, hampers popular emancipation in every way, and the Emperor, since the fall of the Dantas Ministry, from timidity or some other unknown motive, has deserted the cause of the people and sided pretty openly with the pro-slavery politicians. As result, his name is execrated to-day by a multitale of Brazilians. He is openly attacked by many journals, and the Rapublican party, hardly noticed before has suddenly appeared as a dangerous element in the State. The writer ndids:—"Brazil at this instant is a muffled volcano. Any chance event may cause the fires to burst forth with a strength that will certainly sweep the slave system from the country, but which may also shatter the constitution and the
